Monteer de OVG- klemmen helemaal onderaan de geleidingen van het klapdeksel.
Mount the OVG-clamps in their lowest position.

Plaats de scharnierzijde in de opening voor het klapdeksel en duw beide geleidingen naar binnen (zie rode pijlen) tijdens het plaatsen van het klapdeksel.
Place the hinge side of the floor cover in the cover opening, push both clamp guides inwards (check red arrows) while lowering the floor cover in to the cover opening.

Controleer de aanwezigheid van de rubbertjes op de klemmen.
Check the presence of the rubbers on the clamps.
