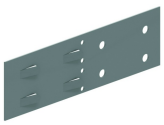
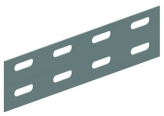
Fix with:



Joiner for fast mounting
V60



Joiner
V60.200

Toothed round head bolt / flange nut
VM

LOAD DIAGRAM
This diagram illustrates the permissible uniformly distributed loads applied to multiple supports. They comply with IEC 61537 with connection in the centre of the span and the end span = 0,8 x the span. For widths of 300 and up, it is advised to use a stiffening plate.

F = max. admissible load (daN/m)
L = support distance (m)
Max. deflection (m) = L/100

Round holes of Ø 16 mm and Ø 19.5 mm provided as opening for the fitting of a gland.
KBS60.050.075 and KBS60.050.100: No knock-out facility (pre-shaped holes). To connect with KPBS.

Legend finish
